

# Phobos Surprise Maximus

A large grid of numbers, approximately 16x16 in size, arranged in a regular pattern. The grid is filled with numbers, many of which are circled in blue or red. A prominent path of numbers is highlighted with a red and blue zig-zag line, starting from the top-left and ending at the bottom-right. The numbers along this path include values like 1, 2, 3, 4, 5, 6, 7, 8, 9, 0, E, T, O, X, and ST. Other numbers in the grid are also circled, often in pairs or small groups. Some numbers are accompanied by small icons or symbols, such as 'T', 'E', 'O', 'X', and 'ST', which appear to be part of the grid's data. The overall layout is dense and complex, with many numbers appearing to be the same or very similar, suggesting a pattern or a specific sequence. The grid is labeled with circled numbers 1 through 9 at various points, possibly indicating different sections or features of the overall structure.
