

Chew Surprise Major

Figure 1 displays eight 8x8 grids, each representing a different pattern of blue and red lines. The grids are labeled with circled numbers 1 through 8. Each grid has a set of numbers (1-8) on the left and right sides, indicating the positions of the lines. The blue lines represent one set of connections, and the red lines represent another set. The patterns vary significantly, showing different ways the numbers are connected across the grid.
