

Fairford Surprise Major

Figure 1 displays eight 8x8 grids (a-h) illustrating different patterns of blue and red lines. Each grid has a vertical axis on the left with labels 1, 36, 16, 58, 36, 12, 38, 14, 14, 78, and a horizontal axis at the bottom with labels 1, 36, 16, 58, 36, 12, 38, 14, 14, 78. The grids are labeled (a) through (h) in the top right corner. Blue lines represent one set of connections, and red lines represent another. The patterns vary significantly between the grids, showing different ways of connecting the 64 nodes in an 8x8 grid.
