

Waterium Surprise Major

Figure 1 displays eight 8x8 grids, each representing a different path for the 8-queens problem. The grids are arranged in two rows of four. Each grid has a circled number (1-8) in the top right corner. The paths are highlighted in blue, and the queens are marked with 'X'. The grids are arranged in two rows of four. The paths represent different solutions to the 8-queens problem, showing the positions of the queens in each row and column.

The grids are labeled 1 through 8, corresponding to the circled numbers in the top right corner. The paths are highlighted in blue, and the queens are marked with 'X'. The grids are arranged in two rows of four. The paths represent different solutions to the 8-queens problem, showing the positions of the queens in each row and column.
