

Xenolite Surprise Major

Figure 1 displays eight 8x8 grids, labeled 1 through 8, illustrating the evolution of a 1D Ising spin chain. Each grid contains a sequence of 8 spins (1-8) and a sequence of 8 gates (X, 58, X, 14, 58, X, 12, 38, 12, X, 12, 38, X, 14, X, 78). The gates are represented by red lines connecting the spins. The evolution is shown by the changing positions of the red lines across the grids. The labels 1-8 are placed to the right of each grid. The labels X, 58, X, 14, 58, X, 12, 38, 12, X, 12, 38, X, 14, X, 78 are placed to the left of each grid.
